

# GeoIT Wherecamp Conference 2017

# GeoIT Wherecamp Conference 2017

Thursday	Track 1	Lichthof	Thursday	Track 2-University	H2035	Thursday	Track 3-Industrial	H2036
09:00	10:00	Doors Open & take coffee	09:00	10:00		09:00	10:00	
10:00	10:10	1 Welcome Prof. Martin Kada	10:00	10:10		10:00	10:10	
10:10	10:20	2 Opening GeoIT.org President	10:10	10:20		10:10	10:20	
10:20	10:35	3 Digital Maps – Enabler of Car Navigation	10:20	10:35		10:20	10:35	
10:35	10:50	4 Opening Panel: GDF Format development	10:35	10:50		10:35	10:50	
10:30	11:00	Coffee Break	10:30	11:00		10:30	11:00	
		Session Chair			Session Chair			Session Chair
11:00	11:20	4 U-Space: Expanding Economy into the 3rd Dimension	11:00	11:20	5 Expanded View of the Earth - Augmented & Virtual Enl	11:00	11:20	6 Offline Navigation & Maps Engine from scratch
11:20	11:40	7 Location Technologies for Developers – The Future Begins Now	11:20	11:40	8 3D City Models for Digital Maps and Navigation	11:20	11:40	9 New ways to build up a precise road information da
11:40	12:00	10 Your next car will drive itself	11:40	12:00	11 Geographical Thinking in the digital Age	11:40	12:00	12 Consuming Open Data for Highly Customizable Ro
12:00	13:00	Lunch Break	12:00	13:00		12:00	13:00	
		Session Chair			Session Chair			Session Chair
13:00	13:20	13 Galileo, enhanced location performances for better apps	13:00	13:20	14 Pop up Parklets! The role of technology in city-making	13:00	13:20	15 Learning from Tokyo: Numbering exits
13:20	13:40	16 Android GNSS raw data access	13:20	13:40	17 OpenGeoEdu	13:20	13:40	18 MOVIA
13:40	14:00	19 Developing content for the new Google Earth	13:40	14:00	20 FoxyFoodDelivery	13:40	14:00	21 Location Determination for optimized Fare Calculati
14:00	14:20	22 The New Era of Location Tracking	14:00	14:20	23 The Where in Citizen Science	14:00	14:20	24 Maps for autonomous driving?
15:00	15:30	Break - afternoon	15:00	15:30		15:00	15:30	
		Session Chair			Session Chair			Session Chair
15:30	15:50	25 Big data for indoor crowd mobility	15:30	15:50	26 A German study about Research Software Engineers (	15:30	15:50	27 Assembly of GeoIT.org Association
15:50	16:10	28 Indoor GPS-System	15:50	16:10	29 Standardized Localization Interface	15:50	16:10	
16:10	16:30	30 Bringing Augmented Reality Indoor Navigation to everyone's phone v	16:10	16:30	31 PARADISE – Privacy-enhancing Technologies in a Do	16:10	16:30	
16:30	17:00	Break - evening	16:30	17:00		16:30	17:00	
17:00	17:30	Closing Panel: Mobile / Location Based Apps 2.0	17:00	17:30		17:00	17:30	
17:30	18:00	Beer & Wine	17:30	18:00		17:30	18:00	
18:00	22:00	Dinner at Schleusenkrug	18:00	22:00		18:00	22:00
